## MAKES FERVENT PLEA FOR PACT

President Addresses Gathering  
of Southern Men.

OBJECTS TO ITS AMENDMENT

Chief Executive Maintains Canadian Reciprocity Will Be of Great Benefit to the Entire Nation and Vigorously Opposes Scheme to Tack Farmers' Free List Bill Onto Measure, Claiming the Agricultural Interests Will Profit by Agreement.

New York, June 9.—"The bill, the whole bill and nothing but the bill." Thus President Taft summed up an earnest plea for the unamended adoption by the senate of the Canadian reciprocity agreement before a representative audience of Southern men.

The occasion was a banquet given by the New York Produce Exchange to the Interstate Cottonseed Crushers' association. The banquet hall resounded to a roaring welcome for the president as he entered the room.

Mr. Taft had spent a busy afternoon in Brooklyn, where he reviewed parades of more than 150,000 Sunday school children and saw the Crescent Athletic club team defeat Montreal at lacrosse. But he showed no signs of fatigue. Governor Dix, who arrived about the same time, also was given a cordial greeting.

There was no questioning the sympathy of the majority of his auditors with the president's plea. From the start every mention of the word "reciprocity" was greeted with cheers and the president at times had difficulty in proceeding.

He voiced decided objection to amending the agreement by tacking on the farmers' free list bill, which, he said, would drive away from its support enough votes to defeat the agreement.

Treaty Will Help Farmers. After summarizing the history of the cottonseed industry and its rapid development in the United States, President Taft predicted that the proposed Canadian reciprocity treaty would be a benefit to the industry. The treaty, too, he believed, would help the Northern truck farmer by opening the Canadian market for his products.

"While the treaty has in it provisions peculiarly beneficial to various branches of industries, farming and manufacturing in different sections, the effect of the treaty as a whole is certain to be of the highest usefulness to the country at large and will increase rapidly trade that now exceeds \$300,000,000 into figures double that sum."

"The treaty has opponents, however, vigorous, active and vociferous; and the arguments against it and the means taken to defeat it are not always of a direct character. The house of representatives, soon after it passed the bill embodying the reciprocity agreement, passed a bill known as the farmers' free list."

"In my judgment it was both unfortunate and unjust that this bill should have been introduced and adopted by some on the theory that it was a sop to the farmers to make up for the injustice and injury assumed to have been done them in the Canadian reciprocity bill—for there is no injustice done to the farmers in the Canadian reciprocity agreement. The Canadian reciprocity agreement will greatly aid the farming classes, both in the North and in the South."

Argues Against Amendment.

The president argued against making the free list bill an amendment to the treaty to placate those who say they will not vote for the treaty unless at the same time they may vote for the free list.

"The objection to this is, first, that the farmers' free list has no relevancy at all to the Canadian reciprocity agreement, and second, that if it is voted on the reciprocity agreement it will drive away from the support of the reciprocity agreement a great number of votes, enough to defeat the agreement."

"This, it seems to me, ought to prove an insurmountable objection to voting a free list as an amendment to reciprocity."

"Those who are sincerely and earnestly in favor of reciprocity and yet favor the farmers' free list ought to be able to take some other method of vindicating themselves than to defeat reciprocity by amending it with the free list."

"The truth is the situation in the senate is one that can be described as calling for the bill, the whole bill and nothing but the bill."

Four Killed by Train.

Bluefield, W. Va., June 9.—Four persons are dead and one probably fatally injured as the result of being struck by a Norfolk and Western train.

Former State Senator Dead.

Duluth, June 9.—F. B. Daugherty of Duluth, a former state senator, who for the past ten years has been general manager of the Great Lakes Dredge and Tug Owners' Protective association, died at Pine City. He was born in Wisconsin in 1850 and came to the head of Lake Superior in 1877.

## BREAKERS AHEAD OF NEW LEAGUE

Progressive Republican Organization May Dissolve.

SENATORS KICK OVER TRACES

Five or Six Members Whose Names Were Subscribed to the Oregon Prospectus That Launched the League Declare They Cannot Follow in Its Various Ramifications in the Fields of Legislation and Politics.

Washington, June 9.—The National Republican Progressive league is in extremes. It is admitted by some of its friends in Washington that the existence of the league is threatened. Five and probably six senators, whose names were subscribed to the Oregon prospectus that launched the league, have practically served notice on the promoters of the organization that they cannot follow in its various ramifications in the fields of legislation and politics.

The nonconformists are Senators Cummins and Kenyon of Iowa, Senator Dixon of Montana, Senator Brown of Nebraska, Senator Borah of Idaho and probably Senator Crawford of South Dakota.

These senators have for some time been restless under the manifest disposition of Senator Bourne and Senator La Follette to exploit them to promote the La Follette presidential boom. They admit that they are admirers of Senator La Follette and that they are committed to what have come to be known as "progressive policies." But they object to being regarded as political chattels by the senator from Wisconsin.

Caucus Marks First Break.

The first evidence of a break in the Progressive league was at the time the Republican senators held a caucus to arrange for committee reorganization in the senate.

Senator La Follette and some of his followers suddenly became militant. La Follette assembled eleven of his colleagues at his home one night and there formulated certain demands to be submitted to the senate regulars.

Calculating that the twelve, with the prospect of adding one more to their number, which they realized later in the election of Senator Kenyon, represented one-fourth of the numerical strength of the majority of the senate, Senator La Follette prepared a demand that the progressives be conceded one-fourth of all the committee places as a condition precedent to their entering the Republican party caucus.

Some of the progressive twelve objected to this plan. After some informal consultation the Republican leaders yielded to the demand.

Dispute Over Committees.

There was no outbreak following the caucus until a dispute arose over the terms of the "dicker" for the committee places and then Senator La Follette charged that there had been a breach of faith and he led a revolt against Senator Gallinger, Republican nominee for president pro tempore of the senate. He passed the word out that the progressive Republicans should remain out of the caucus, having knowledge in advance that Senator Gallinger was to be chosen.

Four of the number refused to stay away from the caucus. They attended, voted for Senator Gallinger and have been supporting him since.

This was the first open revolt against Senator La Follette's leadership.

More recently the Canadian reciprocity bill has served to disturb the equilibrium of the progressives. The thirteen are not agreed among themselves as to how they shall vote on the measure and it is now manifest that there will be a serious split.

But the fundamental trouble with the progressive league was that temperamentally its component parts would not cohere. Senators La Follette, Bourne and Bristow are radical in their political views. Senators Cummins, Kenyon, Brown and Borah are more conservative.

NEW POSTAL SAVINGS BANKS

Minnesota, Wisconsin and Michigan Offices Announced.

Washington, June 9.—The number of postal savings banks was increased fifty in number, making a total of 550. Those designated will begin operations July 5.

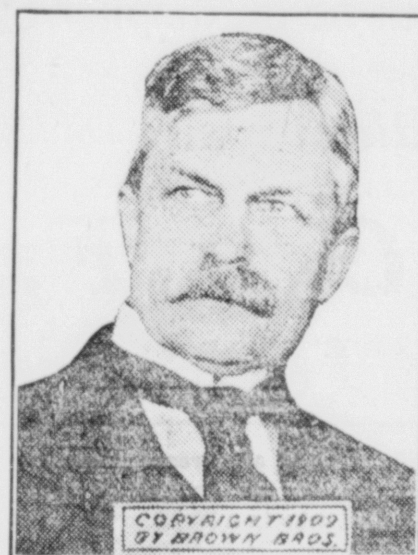

Among the number are Escanaba, Ionia and Manistee, Mich.; Litchfield, Minn., and Grand Rapids, New London, Platteville, Shawano and Waukesha, Wis.

Deliberate Torture.

Lawyer for the Plaintiff—Gentlemen of the jury, the defendant claims that when he ran over my client his car was going but three miles an hour. Think of the agony endured by my client while being run over as slowly as that!—Puck.

CHARLES F. NAGEL.

Cabinet Officer Discusses  
the Recent Trust Decisions.

NAGEL ON NEW GOVERNMENT

"Rule of Reason" Decision to Bring Control Over the Trusts.

St. Louis, June 9.—Addressing the 158 graduates at the fiftieth commencement of Washington university, Charles Nagel, secretary of commerce and labor, forecast an altered form of government in the United States as a result of the "rule of reason" trust decision and declared in favor of reciprocity, arguing that one of its greatest advantages will be the closer relation with Canada.

The trust prosecutions the secretary described as a "clash between rational regulation and irrational monopoly," and he added:

"The successful termination of this struggle will result in a demand for a new form of government, not paternal and not socialistic, but directly controlling and watching the great business corporations in the interests of the public."

## LA FOLLETTE HAS RESOLUTION READY

Provides for Investigation of  
Stephenson's Election.

Washington, June 9.—A resolution for an investigation of the election of Senator Isaac Stephenson of Wisconsin in drawn and ready to be introduced in the United States senate. It is in the hands of Senator La Follette. Its introduction is expected to follow immediately the receipt in Washington of a resolution of the Wisconsin senate asking an investigation.

The procedure expected is that the resolution, when offered in the senate, will be referred to the committee on privileges and elections. Its members will determine whether the investigation is warranted.

The resolution, as drawn, is identical with that for the first investigation of Lorimer.

FAVORS ROOT AMENDMENT

Senate Finance Committee Adopts  
Change in Pact.

Washington, June 9.—The Canadian reciprocity bill was acted upon by the senate finance committee and will be reported Tuesday without recommendation. The Root amendment to the print paper and wood pulp provision was adopted by the committee by a vote of 8 to 6.

An attempt to authorize an unfavorable report resulted in a tie vote and another tie marked the effort to report without recommendation before that result was accomplished.

The vote on the measure was a surprise to members of the senate. It had been generally reported that the finance committee would shift responsibility to the senate, leaving the real fight to be waged on the floor. At the last moment the opposition in the committee seemed to solidify.

LANYON FILES COMPLAINT

Loser in Chicago Wheat Corner Appeals to Federal Court.

Chicago, June 9.—Although United States District Attorney Edwin W. Sims refused to discuss the proposed federal investigation of the big May wheat corner engineered by A. J. Lichtstern, William Lanyon, whose bank lost suffered a loss of between \$40,000 and \$100,000 in the manipulation, said in St. Louis that he already has appealed to the federal authorities for a full investigation of the affair. Lanyon also has appealed to the board of trade against being required to pay Lichtstern \$28,000 more for 200,000 bushels of wheat than the wheat actually was selling for on May 31.

LUMBER INQUIRY WITNESSES

Judge Landis Says Investigation Must  
End by June 23.

Chicago, June 9.—Eight witnesses, most of them representing the big mail order houses here, testified before the United States grand jury investigating the lumber trust.

Judge Landis announced the court will adjourn June 23 and the investigation must be concluded by that time.

Madison Square Garden Sold.

New York, June 9.—Madison Square Garden was sold to a syndicate which will tear down the structure and erect a twenty-five-story office building.

## PARTIES EVEN IN THE HOUSE

Possible For Senate to Elect  
Next President.

SUCH CONDITIONS UNUSUAL.

Probability of Strong Independent Candidates Next Year Makes These Surmises Interesting—Tariff Debate Between Bailey and Williams Would Be Worth While.

By ARTHUR W. DUNN.

Washington, June 9.—[Special.]—The present United States senate may have the opportunity to choose the next president of the United States. It will require a train of circumstances, but everything is so arranged that the final method of selecting a president provided for in the constitution may be invoked.

Should there be independent candidates who would receive a sufficient number of electoral votes to prevent either of the regular party candidates from having a majority of the electoral college then the election would be thrown into the house of representatives. But the house of representatives could not elect.

Naturally with sixty-five majority for the Democrats in the house it would be assumed that the dominant party had a majority of the state delegations. Such is not the case. When an election goes to the house each state has one vote. On this basis there would be twenty-two votes for the Republican candidate, twenty-one for the Democratic candidate, and in three states the delegation would be equally divided, which would prevent an election by the house, as the constitution says the house must have a majority of the states.

Where the Senate Comes In.

The same section of the constitution which provides for a presidential election by the house says that if the house fails to elect by March 4 then the vice president shall be president. If the electoral college fails to choose a vice president, which would be the case if a president was not chosen, then the senate elects the vice president, who becomes president on March 4 if the house does not elect.

It is very seldom that a situation is such as to make the occasion ripe for giving the election to the senate. Very seldom is the balance between the states in the house so even that neither party has a majority of the states by delegations.

The possibility of the senate choosing the next president has been discussed because many politicians believe that there is a probability of one if not two very important independent candidates next year.

Would Be Worth While.

There are men who admire both Joe Bailey and John Sharp Williams who hope to see them in a battle royal in the senate over the tariff. It would be worth while. They are both Democrats, both born in Mississippi, but they belong to different schools of tariff revision.

Williams is for a reduction of the tariff on anything; Bailey does not believe in taking the tariff off any raw material unless it is also removed from the manufactured product. Bailey opposes piecemeal reductions; Williams will take reductions wherever he can get them, hoping for more another time. Bailey is strong in his views, and Williams is not less imbued with his ideas. It would be a great debate.

Maine Ousts Oregon. "If I wished to farm, raise stock and fruit, I know of no better locality in the United States than Maine," said a witness before the finance committee. The members became interested, especially when Senator Johnson of Maine asked a few questions about apples.

"Are your apples superior to Oregon apples?" asked Senator Clark.

"Oh, yes," replied Johnson. Then Senator Gallinger followed it up with assertion that if New England gave the same attention to fruit raising as Oregon she would have the world beaten in the quality of apples and other fruit.

What surprised the committee was the fact that Maine had Oregon beaten in the quality of apples. Oregon has had the name for the best apples for years.

"News of the White House." "Here's your news of the White House," announce the keepers of the capitol press galleries upon the arrival of a well known newspaper man with typewritten slips of what is given out to the newspaper men at the White House each day. He is the White House press agent.

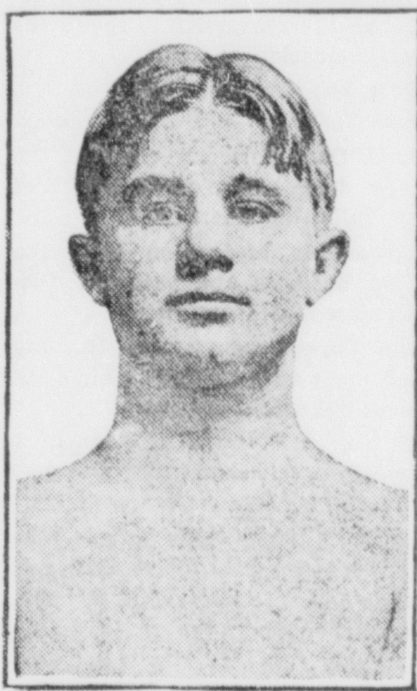

Several departments of the government have regular press agents, and why not the White House, which has become the greatest news center of the executive branch of the government? How times have changed! Years ago every newspaper man hustled after his news in every department and every bureau. Executive orders have closed every avenue of news in the departments save the secretary, and he has not time to give out the news, so a press agent does it for him. It's always the kind which the department wants, which is not always satisfactory to the news gatherers.

Madison Square Garden Sold.

New York, June 9.—Madison Square Garden was sold to a syndicate which will tear down the structure and erect a twenty-five-story office building.

BILLY PAPKE.

Defeats Jim Sullivan in  
Nine Rounds at London.

PAPKE DEFEATS SULLIVAN

Nine Rounds of Fast and Furious  
Fighting at London.

London, June 9.—Billy Papke, the American middleweight, took the measure of Jim Sullivan, the middleweight champion of England, in nine rounds of fast and furious fighting. Again it was the fighter against the boxer, and the fighter won with ease.

The contest was for the middleweight championship of the world, a purse of \$10,000 and a side bet. It was pulled off under the management of Hugh D. McIntosh, the Australian promoter, in Palladium, one of London's noted music halls, before a large crowd.

Throughout the fight was a grueling one. Sullivan proved the cleverer at long range work, but Papke excelled at infighting. There was much clinching and hitting in the clinches and the referee, Eugene Corri, was compelled to remain in the ring, having difficulty at times in separating the men. He warned Papke twice.

## HUNDRED AND FIFTY PERISH IN QUAKE

Death List Throughout Mexico  
Is Growing.

Mexico City, June 9.—Croaking and tossing its way from coast to coast through Mexico, the earthquake brought death to at least 150 persons, according to authentic counts. The area of the earth shock's destruction is rectangular, with its northern boundary less than fifty miles from the capital and a southern line cutting across the lower part of Guerrero state.

The number of casualties, as compiled by the police in Mexico City, is sixty-three. Forty-nine corpses have been taken out of the ruins of Ocotlan, Jalisco. It never will be known how many perished in villages in remote parts of the quake zone.

Tonalá, in Jalisco state, was wiped out, to all outward appearances, but the score of deaths there cannot be accurately obtained.

Not many persons were killed in the city of Colima, but a considerable amount of damage was done. The cathedral is so badly damaged that a slight shock might cause its collapse and the tower of another church was toppled on the roof.

The volcano Colima has displayed greater activity during the last forty-eight hours, but the chief meteorological observatory at the capital is authority for the statement that it had nothing to do with the earthquake.

VISITS THE AMERICAN SHIPS

King Gustave of Sweden Is Received  
by Admiral Badger.

Stockholm, Sweden, June 9.—King Gustave, accompanied by his ministers and members of the court, paid a visit to Rear Admiral Badger, commanding the American squadron.

His majesty was received on the flagship by Admiral Badger and the officers, while the men manned the ship, the band playing the national anthems and the guns belching forth a salute. The king spent two hours on the Louisiana.

His majesty received the American admiral at the palace in the morning. A regatta for the men was held in the afternoon.

Lorimer Inquiry Assured.

Washington, June 8.—The Dillingham resolution for the investigation of the election of Senator Lorimer by a subcommittee of eight of the senate committee on privileges and elections was passed by the senate.

Poison on Lemon Kills Baby.

Winona, Minn., June 9.—Elmira, two-year-old daughter of Austin Cravath, residing on a farm in Elmira township, Olmsted county, sprinkled strychnine on a portion of a lemon and sucked the juice. When found a few minutes later she was writhing in agony and died within half an hour, before physicians from Chatfield could arrive.

## WOULD REPLACE ANTI-TRUST LAW

GIRL SLEEPS SEVEN WEEKS

Patient Awakes, Eats Meal and Slumbers Again.

Vandalia, Ill., June 9.—After seven weeks of slumber, from which human ingenuity has been unable to awaken her, Hazel Schmidt opened her eyes, gazed about her and asked for something to eat.

After eating a hearty meal Miss Schmidt again dropped off to sleep, having been awake about an hour.

Her case has proved a puzzling one to scientists all over the country.

PUBLICITY THEIR WEAPON

No Disorder Reported Among Cleveland Garment Workers.

Cleveland, June 9.—Publicity is apparently to be the main weapon of the striking cloak and garment workers of Cleveland in their fight for changed wage scales and factory conditions and recognition of their organization by the manufacturers.

No disorder was reported, although pickets were posted at the thirty-four factories and shops. The strike leaders claim that several hundred workers who refused to strike Wednesday failed to return to work. It is estimated that the strikers number about 5,000.

CHILDREN'S FRIEND IS DEAD

Illinois Man in Ten Years Distributed  
\$20,000 at Picnics.

Belleville, Ill., June 9.—William Bellefleur, aged fifty, said to have given away \$20,000 to school children in ten years, died here. Recently his relatives had a conservator appointed to prevent his giving away all his means.

For years he had attended regularly the picnics of school children, always going to them with his pockets filled with nickels and dimes, which he distributed. He also was known as a friend of tramps, never refusing a call made by one upon his generosity.

Sheep—Native, \$3.00@4.55; yearlings, \$4.85@5.30; lambs, \$4.25@6.80.

Judge Gary Gives His Views to  
House Committee.

CONSTRUCTIVE LEGISLATION

Chairman of the Board of Directors of the Steel Corporation Wants Laws to Protect Property Interests, Interests of the Government and People at Large, So as to Permit Business Progress Along Lines of Prosperity.

Washington, June 9.—Legislation to replace the Sherman anti-trust law to protect property interests and the people's welfare alike was urged by Elbert H. Gary, chairman of the board of directors of the United States Steel corporation, in concluding his testimony before the house steel trust investigating committee.

"I wish," Judge Gary said, "that this committee would take advantage of its opportunity to suggest legislation and use its influence to bring about the enactment of proper legislation calculated to properly protect the property interests of the country, the interests of the government and the people at large, so as to permit us to continue business progress along lines of prosperity."

"Constructive legislation is what is needed in this country if we are to retain our position in the ranks with competing nations of the world."

"Would you believe it sensible," Representative Littleton asked, "to have congress appoint a joint committee to hear representatives of capital and labor and of so called restrained and unrestrained trade with a view to preparing an anti-trust law which would correct features of the Sherman law, or errors that might have come through court decisions on that law, and to strengthen and elaborate that law?"

"Yes, I do," Mr. Gary responded, "and I would be glad to have such an undertaking result in something more practical and to be the first one to fall into line to live up to such a law."

Mr. Gary said he made no attempt to disguise the fact that the steel men of the country sought to maintain prices as near a level as possible through friendly interchange of ideas for the purpose of getting between the restraint of trade and monopoly provisions of the Sherman law, on one hand, and destructive competition on the other.

Mr. Gary's attention again was called to his former assertion that he favored government control of corporations. He said that he would have the government license corporations engaged in interstate commerce, first deciding whether it was so entitled under the anti-trust laws. He would make the license revocable for misconduct, but in all cases would retain the right of appeal to the courts, which right, he added, "is the salvation of this country."

REPORT PLEASES OTTAWA

Canadians See No Harm in the Root Amendment.

Ottawa, Ont., June 9.—The reporting of the reciprocity agreement by the United States senate committee was heard with satisfaction at Ottawa. The Root amendment to the pulp and paper clause in no way injures the pact, from the Canadian point of view.

It is known that Finance Minister Fielding, now in Europe, expressed the opinion that the Root amendment merely gives effect in a clearer way to the intention of the treaty makers.

It is hoped here that the senate will act favorably and promptly on the bill as reported by the committee.

LIVE STOCK RATES STAND

Order Affecting Missouri River Shipments Is Cancelled.

Washington, June 9.—The interstate commerce commission cancelled its order suspending advance rates on live stock shipments from the Missouri and Mississippi rivers. This action was taken without prejudice to any of the interests involved, the commission holding it was without sufficient information to pass on the question of reasonableness of the rates or the alleged necessity of equalizing conditions between Omaha, Chicago and Kansas City. The old rate on cattle was 14½ cents, while the rate which now becomes effective is 17 cents.

House on north Sixth street for rent or sale. Terms. L. J. Cale. 116

The Crow Wing Development association is scheduled to hold its annual election of officers tomorrow at 2 o'clock in the commercial club rooms.

### DR. R. A. BEISE

Announces that he has moved his office to  
Room 201,  
Citizens State Bank Building.

Mrs. John J. Anderson and her little daughter, Miss Esther, visited in the city on their way to Duluth.

Jud LaMoure, of Nisswa, was in the city today.

Shoes repaired while you wait at the Wide-Awake. 216

The salary of the secretary of the commercial club has been placed at \$25 per month, and E. R. Smith is to be paid for his services at that rate from January 1, 1911.

Mayor Dunn has gone to Milwaukee, Wis., to consult an eye specialist. He will also visit the baths at Kanyon and his old home at Kanyon before returning to Brainerd.

Garden hose—big variety of lawn hose and lawn mowers, at D. M. Clark & Co's. 299tf

Mrs. Josephine Hill has complained of an assault committed by her son, Louis Hill, as it is claimed he struck her. The case was to be heard in the municipal court this afternoon.

The Glorious Fourth will be celebrated at the St. Mathias town hall. The program will embrace sports of all kinds, in the afternoon, and dancing and fire works in the evening.

C. A. Albright, president of the Crow Wing county development association, was chosen chairman of the committee on resolutions at the recent development meeting in Duluth.

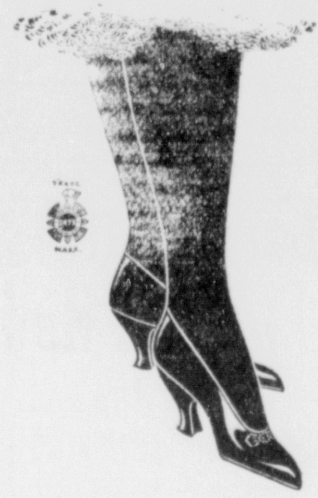

If you are fatigued, try a bottle of Old Pilsener style lager beer, it is invigorating and refreshing. Order a case from the Brainerd Brewing Co. Phone 215. 294tf

John Johnson, of the firm of Johnson Brothers bakery, returned home today from an extensive trip to New York city and Florida. His wife will remain a month longer with relatives in New York.

At the recent graduation exercises of the University of Minnesota the degree of bachelor of arts was conferred on Benjamin Earl Arnold and the degree of bachelor of science on George Irving Badeaux.

Use Foley Kidney Pills for quick and permanent results in all cases of kidney and bladder troubles, and for painful and annoying irregularities. For sale by all druggists. mwf-w

DISPATCH WANT ADS PAY

Do You Have the Right Kind of Help?  
Foley Kidney Pills furnish you the right kind of help to neutralize and remove the poisons that cause backache, headache, nervousness, and other kidney and bladder ailments. For sale by all druggists.

### RAILROAD TAXES

The Duluth Herald has commenced an editorial campaign for the increase of railroad taxes. The Herald points to the well known fact that railroad property does not pay nearly one half as much taxes as other property, and the Herald insists that in view of the fact that the railroads will restore the 3 cent per mile passenger rate after July 1st, and thus exact an unreasonable toll from the public, an effort should be made to make railroad property bear a more just proportion of public dues, and the Herald is advocating the calling of a special session of the legislature for the purpose of raising the gross earnings tax from four to five per cent. This increase of taxes would yield a revenue to the state of \$1,900,000 a year, while the cost of an extra session would not exceed \$100,000, the state thus gaining \$1,800,000 a year for the two years before the increase

### The Athletic Union Suit for Summer

If you really desire solid comfort and complete satisfaction in the matter of summer underwear, you will find it worth while to call and let us show you

### A SUPERIOR ATHLETIC UNION SUIT

which is an especially desirable and appropriate garment for hot weather wear. It represents underwear perfection in every detail, and if once worn will undoubtedly be adopted for permanent summer wear by every man who wishes to get all the satisfaction and comfort that can be secured.

These Athletic Union Suits may be had in all regular sizes, and unless you are a man of unusual proportions, we will guarantee to fit you perfectly in this garment—it is almost superfluous to say that we guarantee quality and value of the suit without reserve.

## OPENING SCENES AT THE INQUEST

Testimony of Six Persons Heard at the Inquest Over the Remains of Earl Bakkila

### DR. CAMP DESCRIBES INJURIES

Broken Hearted Grandfather and Mother of Boy Give Their Versions of Sad Affair

At ten o'clock this morning the coroners jury convened in the back room of the Losey & Dean building and listened to the testimony of six persons, who knew or were supposed to know something about the death of little six year old Earl Bakkila.

County Attorney W. A. Fleming conducted the examination and a stenographer took down the testimony. In the course of the examination it was found necessary to have some one translate the Finnish conversation of some of the persons at the inquest and Mike Setula officiated as interpreter.

The jury selected is composed of: J. Laplant, W. E. Brockway, L. W. Sherlund, E. C. Bane, Jacob Hess, M. J. Reis.

The jury and Dr. J. L. Camp viewed the bruised and bleeding body of the boy victim as it lay in the morgue and then resumed their seats.

Dr. Camp gave his evidence regarding the injuries received by the boy and described the marks and contusions on his throat which appeared to show that he had been choked; the black and blue marks on his legs and arms; the skin which had been fairly scraped off in large patches from his back and his breast, showing that the boy had probably been dragged over a rough floor; the separation of the vertebrae which seemed to indicate that his neck was broken but which could not be established to a certainty unless a post mortem examination was made; the crushed breast which indicated that some one must have stepped on and crushed in some of his ribs. "Death," said Dr. Camp, "was caused by great physical violence, probably strangulation."

John Bakkila was called and he testified that Earl Reilly, or Earl Bakkila as he is also known, was the son of his daughter. The boy was six years old. It was about seven in the evening or thereabouts that some boy came to his home and told him that Erick Maki was beating Earl. The old man is partly deaf and all his testimony had to be translated from Finnish to English. At one time he stated that he saw the dying boy on the floor of the bath house and that Earl had said Maki had hit him. He saw Maki running away from the house and then he went to his daughter's house and told her what had happened to her boy. He felt the boy's pulse but he was dead. After that he fainted away at the sight of the body. He then viewed the remains and said it was the body of Earl Bakkila.

Mrs. Charles Bakuahiti, of 408 Fourteenth street, was called and knew nothing of any of the previous incidents which led to the crime. She said she was the mother of Earl Edmund Reilly, or Earl Bakkila. Her father had run to her home and told her about it and she saw the body on the bath house floor. She knew Maki but had not seen him. Earl had been at her home about four o'clock. She nearly fainted when she viewed the remains.

Sadie Hill, 1317 Norwood street,

aged 18 years, knew the boy but nothing about the crime. She saw the body as she looked through the window in the bath house.

Erick Siekinen, 1201 Laurel street, aged 15 years, played with Earl on Wednesday afternoon. He was at the Siekinen home at twenty minutes to six in the evening. He said Earl had told him that Maki wanted to see him about a knife that had been stolen. He went with Earl to his grandfather's house and they saw Maki sitting on the steps and eating an egg. Siekinen asked Maki what he wanted and Maki said he did not want him. He said he wanted to see the little boy. Siekinen then went home and left Maki with Earl. He heard Maki ask Earl what he did with the knife and who he had sold it to. He had known Earl a long time.

Frank Nurmi, 1215 Maple street, aged 22 years, had known Earl for three and one-half years. He saw Maki at about twenty minutes to six and Nurmi then went to Pete Bislar's house. After six he saw the body and saw Maki running along the shop fence. Charles Tahtinen and Emil Lind were pursuing Maki.

F. S. Rexford, 615 New York Life Bldg., Kansas City, Mo., says: "I had a severe attack of a cold which settled in my back and kidneys and I was in great pain from my trouble. A friend recommended Foley Kidney Pills and I used two bottles of them and they have done me a world of good." For sale by all druggists.

## SELLING TICKETS TO BARROWS

Northern Pacific Railway Makes a Station of the New Town on the South Range

### HANNA & CO. BUSILY AT WORK

Building a Two Story Office Building at the Mine Immediately Adjacent to Barrows

The Northern Pacific railway has officially recognized the new town of Barrows on the south range of the Cuyuna iron range and is now selling tickets to the town. It will be but a short time until the depot and the depot platform are put in to accommodate the travel and the freight shipments.

At the mine of the M. A. Hanna & Co. a large two story office building is being constructed, and a blacksmith shop, machine shop, and other buildings are being rapidly erected. Heavy shipments of mining machinery are being received.

In the town of Barrows a 12 room boarding house will soon be in position. Other houses are in course of construction. Everett & Hitch are laying the six blocks of cement sidewalk and so rapidly are improvements being inaugurated that each day changes the appearance of the new town.

This week a party of eight mining people was brought down from the Mesaba range by Frank Levy, the Duluth representative of the townsite. These are all practical miners and expressed themselves as very favorable in regard to the present and future prospects of the town and the adjacent mining territory.

E. C. Bane and associates have set up a churn drill about two miles south of Brainerd in section 12-44-31 and things appear to point to a development of the territory between Barrows and Brainerd.

## SPECIAL GRAND JURY SUMMONED

Returnable on Tuesday Afternoon, Two O'clock, June 13th to Hear Maki Case

### NEW PANEL OF PETIT JURY

Judge Wright Leaves for Park Rapids and Judge Stanton Will Preside Next Week

A special grand jury has been summoned returnable at two o'clock Tuesday afternoon, June 13th, and it will take action on the alleged Maki murder case.

Judge C. W. Stanton, of Bemidji, will preside at this session of the court. It has also been found necessary to empanel a new petit jury, returnable the same date as the grand jury, because so many jurors of the present panel are not eligible to sit on the remaining cases in the Fisk receivership matter.

The jury in the case against the Northern Pacific railway for alleged failure to keep its rights of way clear of combustible materials found a verdict against the railway company and a fine of \$75 and costs was imposed by Judge Wright.

Mary Arnt withdrew her plea of not guilty and plead guilty to the charge of grand larceny in the second degree. She was sentenced to 60 days in the county jail and sentence was suspended during good behavior. A public spirited and prominent lady of the city was appointed special probation officer in her case to whom she is to report by letter or in person as often as required by the probation officer. She is to appear on the first day of the next general term of court in December, at which time she is to report to the court for determination of her full discharge.

Foley's Kidney Remedy is particularly recommended for chronic cases of kidney and bladder trouble. It tends to regulate and control the kidney and bladder action and is healing, strengthening and bracing. For sale by all druggists.

## BREN RE-ARRESTED FOR EMBEZZLEMENT

Special to The Dispatch:

Minneapolis, Minn., June 9, 1911—Charged with being short about \$6,000 besides the \$13,000 he says was taken from him by highwaymen, Jes. D. Bren, the former cashier of the University of Minnesota, was re-arrested this morning and his bail was raised from \$2,500 to \$10,000, which had not been furnished at noon. Bren in the meantime occupied a cell in the Hennepin county jail.

Small House and 50 Foot Lot For Sale \$200 cash or easy term, lower 5th St. Will rent same \$5 a month if not sold soon. P. B. Nettleton, 506 Gardner Block.

Bees. The working bee lives six months, the drone four months and the female bee four years.

FOR SALE 160 acres fine farming land in Sec. 2-44-29. No mineral reserved. Price \$1,600 if taken at once. Address Box 1573, Brainerd.

## BRAINERD MAN HONORED

Letter Carrier Elect F. E. Russell, President of State Organization

F. E. Russell, Brainerd, Minn., was elected president of the Minnesota Association of Letter Carriers at its second day's session, held today in the old capitol.

After a battle between St. Cloud and Winona factions, the place of the next annual meeting was decided in favor of St. Cloud, and the convention will be held at that city next June.

Speeches were made at this morning's session by A. A. Alexander, Milwaukee, a member of the Letter Carriers' Mutual Benefit association; Alex J. McCarthy, St. Paul, president of the St. Paul Branch of the Letter Carriers' association, and director of the National Benefit, and Ed. J. Gaynor, Munice, Ind., vice president of the National association of Letter Carriers.

After reviewing the constitution and by-laws of the association and making some revisions, the association elected the following officers for the next year: F. E. Russell, Brainerd, president; H. G. Brom, Minneapolis, vice president; Fred M. Traux, St. Paul, secretary; J. N. Nelson, Duluth, treasurer, and A. F. Graham, Rochester, Minn., delegate at large to the national convention to be held in September next at Rochester, N. Y.

This evening the forty delegates will be the special guests of the local letter carriers at a banquet in the Ryan hotel at which Dr. C. P. Grandfield, first assistant postmaster general, and T. L. Weed, chief clerk of the department at Washington, will deliver addresses—St. Paul Dispatch.

## WHAT MAKI IS DOING IN JAIL

Prisoner is Confined in the County Jail Near the Courthouse

### APPEARS VERY INDIFFERENT

Smokes His Pipe and Does Not Say a Word to Any One

Erick Maki, accused of the murder of little Earl Bakkila, appears to be utterly indifferent regarding the crime he is charged with.

He is confined in a cell in the county jail and is smoking the hours away. Stolid and uncommunicative, he stares through the bars.

Police records show that he was arrested several months ago on a charge of larceny and spent a short time in a cell. The charge was dropped later and he was released. His demeanor at that time was as indifferent as it is now when the cloud of murder hangs over him.

He was arraigned before the municipal court Thursday morning and was represented by his attorney, G. S. Swanson, who asked a continuance to Saturday morning at ten o'clock, which was granted.

Feeling runs high against the perpetrator of the awful outrage, whoever he may be, and people who saw the crushed and torn body of Earl Bakkila at the morgue and heard his mother's and grandfather's cries of anguish at the inquest are incensed at the crime committed.

The way the little boy must have been choked and maltreated to death is so cold blooded as to be fiendish in its perpetration and stamps the author of this crime as an unfeeling human monster. It is the most brutal murder ever committed in the history of Brainerd.

Deafness Cannot be Cured by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever. Nine cases out of ten are caused by Catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We will give One Hundred Dollars for any case of Deafness (caused by catarrh) that cannot be cured by Hae Catarrh Cure. Send for circulars, free. F. J. CHENEY & CO., Toledo, O. Sold by Druggists, etc. Take Hall's Family Pills for constipation.

Pleasant Anticipations. "Why can't you marry me? It's true I'm not enormously rich. Still, I have an income plenty big enough to support us nicely." "Yes, but think how ridiculously small the alimony allowed out of it will be."—Exchange.

### Your Neighbor's Experience

How you may profit by it. Take Foley Kidney Pills. Mrs. E. G. Whiting, 360 Willow St., Akron, O., says: "For some time I had a very serious case of kidney trouble and I suffered with backaches and dizzy headaches. I had specks floating before my eyes and I felt all tired out and miserable. I saw Foley Kidney Pills advertised and got a bottle and took them according to directions and results showed almost at once. The pain and dizzy headaches left me, my eyesight became clear and today I can say I am a well woman, thanks to Foley Kidney Pills." For sale by all druggists.

## SCHOOL BOARD HAS A MEETING

Gymnasium and Auditorium to be Fitted up in the Washington School Building

### FIVE TEACHERS RESIGN

Lowell School Water Closets Needs Repairing and Should be Connected With Sewer

The school board met last evening and there were barely a quorum present. In the absence of President Erickson, the vice president, R. R. Wise presided. The other members attending the session were Richard Ilse, William Barron, J. H. Roderick, R. J. Hartley and Louis Hohman. The insurance companies holding policies on the various boilers of the Lincoln, Washington and Lowell schools reported inspecting them and finding them with a few minor exceptions in good condition.

The board received the resignations of five teachers, L. M. Carter, Katherine E. Dunn, Lillian A. Scott, Ella H. Schroeder and Josephine Lindbergh, all leaving to accept more remunerative positions elsewhere. Mr. Carter leaves for Fargo, N. D.

The \$2,000 insurance policy on the Whittier school expires on July 16th and the matter of its renewal was left with the finance committee.

The matter of fitting up the third story of the Washington building for an auditorium and a gymnasium was again taken up. The secretary was instructed to advertise for bids for flooring the same.

The Lowell school water closets are greatly in need of repairs and the board is somewhat undecided as to what to do. A main sewer is now being laid two blocks from the school. The dry closet system is used in the Lowell and it takes from 1 to 2 cords of wood at \$3.50 per cord every week to burn up the accumulations. This is quite an expense in a year. The board is considering whether it should make repairs to a dry system of drainage which in two years may be replaced by a regular sewer system. It seems to be a waste of money to repair the old arrangement. The building committee was instructed to take up the matter with the council and endeavor to have a lateral sewer. Every tax payer along this two blocks of proposed extension should join with the board in bringing about this proposed improvement.

The fuel committee was instructed to advertise for bids for fuel, the bids to be opened at the regular meeting in July. The quarterly reports of the treasurer and on the sinking fund as well as the books of the secretary were checked up and found correct by the finance committee.

Supt. Cobb submitted his monthly reports which were accepted and placed on file. The usual number of routine bills were allowed and ordered paid and the board adjourned.

GAVE INDIAN LIQUOR Wm. H. Dickson Pleads Guilty to the Charge and Gets Indeterminate Sentence

William H. Dickson met an Indian at Cass Lake who gave him \$1 for some whiskey and Dickson purchased two half pints and gave them to the Indian. The illicit liquor selling occurred on Wednesday and both were caught in the act.

Dickson was given a preliminary hearing at Cass Lake on Thursday and today he was brought before Judge W. S. McClenahan, in district court chambers. There were present Richard M. Funk, county attorney of Cass county; N. J. Palmer, clerk of court and Deputy Sheriff Kennedy. Dickson plead guilty and was given an indeterminate sentence at Stillwater.

In a conversation with County Attorney Funk he said this was the tenth case since February 1st for selling liquor to Indians.

### THE EAGLE WILL SCREAM IN CROSBY

Great Preparations are Being Made for the Celebration of the Glorious Fourth

OVER \$500 HAS BEEN RAISED

Personel of the Committees Appointed Assures a Good Celebration and Large Attendance

Special to The Dispatch:—

Crosby, Minn., June 9, 1911—Over \$500 actual cash has now been raised at Crosby for the proper celebration of the glorious Fourth of July. Another meeting was held and at this gathering plans were perfected for the big time and the committees selected. The officers of the celebration association are:

President of the Day—George H. Crosby.

Vice President—Chester D. Tripp. Secretary—F. A. Lindbergh. Treasurer—S. G. Latta.

Marshal of the Day—Ben A. Mizen. Committee on general arrangements and finance—Will S. Pitt, B. Olson, O. E. Culver, W. G. Young, C. L. Blair, S. G. Latta, F. A. Lindbergh, H. C. Bailey.

Committee on speaker and music—H. C. Bailey, R. L. Kilpatrick, Dr. R. J. Sewall.

Committee on decorating—M. F. Crosby, J. S. LaDu, P. L. Newman, A.

E. Brink, Fred Herwig. Reception committee—B. Olson, E. Kruger, Ed. Congdon, R. H. Hudson, Dr. W. R. Beardsley, H. Lefko.

Committee on sports and contests—W. E. Guth, J. J. Egan, I. C. Iverson, Wm. Deering, S. G. Latta.

Committee on program and advertising—Will S. Pitt, F. A. Lindbergh, S. G. Latta, C. L. Blair, Wm. Deering.

Committee on transportation—H. Spaulding, O. E. Culver, B. B. Gaylord, Geo. H. Crosby, W. G. Young. Committee on fireworks—O. E. Culver and assistants.

#### DUNNING POSTAL CARDS

Postal Guide for May Designates What is Mailable on a Postal Card in the Way of a Dunn

In view of complaints received by the department respecting the use of postal cards importuning the payment of debts, the attention of all postmasters and others is called to the provisions of Sec. 498, P. L. & R. 1902, as amended (Sec. 312 Criminal Code, March 4, 1909): All matter otherwise mailable by law, upon the envelope or outside cover or wrapper of which or any postal card upon which, any delineations, epithets, terms, or language of an indecent, lewd, lascivious, obscene, libelous, scurrilous, defamatory of threatening character, or calculated by the terms or manner or style of display and obviously intended to reflect injuriously upon the

character or conduct of another, may be written or printed or otherwise impressed or apparent, are hereby declared non-mailable matter, and shall not be conveyed in the mails nor delivered from any postoffice nor by any letter carrier, and shall be withdrawn from the mails under such regulation as the postmaster general shall prescribe. Whoever shall knowingly deposit or cause to be deposited, for mailing or delivery, anything declared by this section to be non-mailable matter, or shall knowingly take the same or cause the same to be taken from the mails for the purpose of circulating or disposing of or aiding in the circulation or disposition of the same, shall be fined not more than five thousand dollars, or imprisoned not more than five years, or both.

The department has ruled that the cause of this section prohibiting delineations, epithets, terms or language \* \* \* calculated by the terms or manner or style of display and obviously intended to reflect injuriously upon the character or conduct of another, covers and makes unmailable cards by which it appears that the addressee is being dunned for an account that is past due. This does not include cards that bear respectful requests for the settlement of current account, or that give notice when an account, paper, assessment, taxes, gas bills, etc., will be due, and such cards are regarded as mailable. The provision of this section against matter of a "threatening character" is held by the department to cover and make unmailable cards that threaten the bringing of suits or legal proceedings if debts, accounts, etc., are not paid. This does not include cards that bear notice of assessments of fraternal and other societies which contain a respectful reference to the rules of such order or society that failure to pay such assessment will cause the member to be suspended or that his certificate will become void, if the assessment referred to does not appear to be past due.

Postmasters are expected to exercise vigilance in the enforcement of this regulation. If there is doubt as to whether a card should be excluded it should be forwarded to the assistant attorney general for the post-office department for a decision. It should be carefully noted that this regulation has no reference to matters that is under cover.

#### Proceedings in Bankruptcy.

In the District Court of the United States for the District of Minnesota, Fifth Division. In the matter of James A. McLellan, Bankrupt in Bankruptcy. To the Honorable Judge Morris, Judge of the District Court of the United States for the District of Minnesota: James A. McLellan, of the City of Brainerd, in the county of Crow Wing, and state of Minnesota, in said district, respectfully represents that on the 2nd day of February, last past, he was duly adjudged bankrupt under the acts of Congress relating to bankruptcy; that he has duly surrendered all his property and rights of property, and has fully complied with all the requirements of said acts and of the order of the court touching his bankruptcy.

Wherefore, he prays that he may be decreed by the court to have a full discharge from all debts provable against his estate under said bankrupt acts, except such debts as are excepted by law from such discharge.

Dated this 3rd day of May, 1911.

JAMES A. McLELLAN.

United States District Court, District of Minnesota, Fifth Division—ss. On the 7th day of June, A. D. 1911, on reading the foregoing petition, it is ordered by the court that a hearing be had upon the same on the 22d day of July, A. D. 1911, before said court, at Duluth, in said district, at ten o'clock in the forenoon, and that notice thereof be published in the Brainerd Dispatch, a newspaper printed in said district, and that all known creditors and other persons in interest may appear at the said time and place and show cause, if any they have, why the prayer of the said petitioner should not be granted.

Witness the Honorable Judge Morris, Judge of the said court, and the seal thereof, at Duluth, in said district, on the 7th day of June, A. D. 1911.

CHARLES L. SPENCER, Clerk. By THOMAS H. PRESSNELL, Deputy Clerk.

JAY HENRY LONG, Attorney of Bankrupt.

### WM. HARRISON SPEAKS OF RANGE

Prominent Mining Man Says Cuyuna Range Will Do Heavy Shipping Next Year

NEW SOO DEPOT AT CROSBY

Crosby Making Great Preparations for the Celebration of the Glorious Fourth

Crosby, Minn., June 9—William Harrison, the attorney and mining man of Duluth who is heavily interested in Cuyuna range lands and in the Kennedy mine at Cuyuna, was at Crosby on Wednesday with S. T. Harrison and T. P. Harrison. They enjoyed to the utmost the splendid hunting and fishing adjacent to Crosby. In speaking of mining conditions, Wm. Harrison said: "There will not be as much shipping of ore this year as the range will see in 1912. The Mesaba is rather quiet. On the Cuyuna no check is being made on the exploration work which is in full swing and gives employment to many men. On the older ranges there is practically no exploration work and consequently they feel it when there is a decrease as at present in the ore shipments. The town of Crosby is certainly showing a most wonderful growth. Every time I get here I have to study the town anew in order to know where I am."

The Ingalls Motor Boat Co. has completed its scow, 17 by 65 feet in size, and it was launched on Tuesday. It is built of two inch Washington fir planks and has an extra polished floor of hardwood flooring for dancing. It is estimated to carry a weight of 250,000 pounds. The barge has a roof completely covering it and is illuminated with gas. On Saturday evening it will be used for the first time and the largest launch, the Twin City, will leave the Crosby dock at 9 P. M., calling at Deerwood at 9:30 P. M. Knapp's celebrated Cuyuna iron range orchestra has been engaged to play. The tickets including the ride about the lake and the dance on the barge have been placed at \$1 per gentleman and the ladies will be admitted free. This is the first aquatic dance ever given on Serpent lake and it will be largely attended. The docks at Crosby have been completed. The baggage room measures 16 by 40 feet. The building also contains the office of the company and a refreshment parlor in charge of C. L. Blair. The waiting room is of great convenience to passengers. The Ironton dock will soon be used by the company which is using every endeavor to please the people and increase their comfort and at the same time add more satisfied people to their passenger list.

An addition of three stories in height and containing 50 rooms is soon to be built to the north of the Spalding hotel. The cuisine of this popular hotel is becoming so noted that many Duluth and Superior people spend their week end vacations at the Spalding. Anthony Puck, of Duluth, is the architect of the brick addition and construction will be commenced some time this month. A mandolin orchestra discourses sweet music during the dinner hour at the hotel.

Work on the water works and the sewers is expected to start by about July first. Property owners some time ago received 40 days notice of the installation of the sewers.

Crosby is making great preparations for the celebration of the glorious Fourth. It will be a sane celebration, one of the old fashioned kind for patriotism and a general good time. A stand will be erected in the lake and the supply of fireworks will be shot into the lake. Over \$400 actual cash has been raised and the committee is constantly receiving new donations. Large corporations doing business in Crosby and on the range are sending in their checks, in many cases entirely unsolicited. The general committee in charge of the celebration embraces Will S. Pitt, E. O. Culver, Bruno Olsson, W. G. Young, S. G. Latta, C. L. Blair, F. J. Lindbergh, and Editor Bailey.

The town sent to Brainerd dividing the school district and the following committee appeared before the county commissioners and voiced their protests, George H. Crosby, M. F. Crosby, B. B. Gaylord, Mr. Kilpatrick, foreman of the Inland Steel Co., Chester D. Tripp, Editor Bailey and others.

W. G. Young, of the cement company, is spending a few days at Duluth.

It is said that Levi Howard may soon join the ranks of the benedictines.

A. F. Gross and E. C. Gross, of Duluth, were Crosby visitors this week.

Rev. Charles Fox Davis and Rev. G. P. Sheridan, of Brainerd, visited Crosby this week.

Capt. William Wearne, of Hibbing, an officer of the Inland Steel Co., is at the mines of his company this week.

Mons. Mahlum, of the Mahlum Lumber Co., of Brainerd, was in the city Wednesday attending to business matters of his company.

Soo depot agent P. M. Wilson was recently married and his friends are arranging a welcome for him when he returns home with his bride.

Mrs. B. B. Gaylord has gone to Duluth for a few days. Mr. Gay-

### WORMS

Doctors laugh at "worms." Mothers pooh-pooh worms. Fathers sniff at worms, but children go on suffering with worms just the same. Surprising how Kickapoo Worm Killer will knock "pig-headedness" out of some parents and make them ashamed of letting their children suffer needlessly. Try K. W. K. and you will believe in worms and quit knocking. Price, 25c.; sold by druggists everywhere.

lord's mother and his sister, Miss Alice Gaylord, of Duluth, were recent visitors at the home of Mr. and Mrs. B. B. Gaylord.

Julius Boneau, of Minneapolis, has arrived at Crosby with a crew of ten carpenters and has commenced work on the new Soo passenger depot. The Soo line does its own depot building and will put up in Crosby a structure 32 by 72 feet in size, better than their ordinary style of first class depots. The building will be of Menominee pressed brick and trimmed with beltings of Kettle river sandstone. The hip roof, long and sweeping, will be overlaid with asbestos roofing. A basement for coal and the furnace is under the depot. The two waiting rooms measure 20 by 30 feet each and the hallway 7 feet in width, the ticket office 16 by 16 feet, baggage and express room 18 by 30 feet. There are toilet and lavatories. Hot water heating warms the building. It is electric lighted and modern in all its equipments and appointments and will be ready for use about August 1st.

The Crosby baseball team defeated Deerwood last Sunday by the score of 15 to 0.

Ben A. Mizen is erecting a pretty cottage near the lake.

Crosby plays the Brainerd Cubs next Sunday and another warm game is expected. Ira Faucett, of Dell, Mo., is a new pitcher which the team will try out and he is expected to show the Brainerd boys a thing or two.

George H. Crosby has commenced the construction of his residence on Carlson's point and the concrete foundation work has been completed. Ed Gustad is the contractor and the building will be two stories in height and of bungalow design.

The Nelson brick building is up about one story.

The brick work has started on the First National bank building.

A. J. McLennan will soon erect his residence between that of George H. Crosby and M. F. Crosby.

Frank Gallagher, of Duluth, an experienced blacksmith, has arrived with his family and will make Crosby his home.

J. H. Hollister is the captain of the Crosby baseball team and he is rapidly getting the team into shape. The grounds are in very fine condition.

#### A Leading California Druggist

Pasadena, Cal., March 9, 1911.

Foley & Co., Gentlemen:—We have sold and recommended Foley's Honey and Tar Compound for years. We believe it to be one of the most efficient expectorants on the market. Containing no opiates or narcotics it can be given freely to children. Enough of the remedy can be taken to relieve a cold, as it has no nauseating results, and does not interfere with digestion. Yours very truly, C. H. Ward Drug Co., C. L. Parsons, Sec'y, and Treas. Get the original Foley's Honey and Tar Compound in the yellow package. For sale by all druggists. mwf-w
